--	------

We will provide you with a no obligation estimate and a scale computer generated print so you can clearly visualise how your memorial will look.

Granite memorials can be manufactured to any shape, size, finish or colour, and often reflect the personality of the deceased or indeed the beliefs of the family. If you have specific requirements or like a number of features from different designs we can arrange unique and individually styled memorials. We offer a full design and consultation service so you can personalise a memorial or create a bespoke memorial which your family can admire for generations. Please discuss any specific religious, belief-based and/or cultural requirements that you have with our memorial design consultant.
